MEMORANDUM FOR: Mr. Warner, Legislative Counsel

SUBJECT: English-Russian Military Dictionary

*means Kendall or Neal*

STAT

Please tell [ ] that we have studied with interest the English-Russian Military Dictionary which he called to our attention. It is quite up-to-date, having been published by the Soviet Ministry of Defense in 1960. We do not find it to contain significant revelations of Soviet military thinking, however, since it is designed to provide Soviet officers with Russian-language equivalents of military terms commonly used in the UK and the US. The dictionary translates these terms into Russian without editorial comment.
